Original, Historical Designs for 18" Dolls

Victorian Era - Circa : 1870- 1890

Cape, Hat and Muff Set

History

A cape in the Victorian period would probably have been made out of wool or velvet.

Fashion

What is a 'muff'?

A 'muff' is a cylindrical piece of fabric or fur that was used as a hand-warmer from the 16th up until the 20th centuries. Many muffs had inside pockets into which a hot potato or piece of brick would have been placed. It was a common winter accessory in the Colonial time, and was popular during the Victorian time as well.
